“Drink of the Week” Coney Island Lager

Coppery gold in color with aromas of floral hops and orange peel, this crowd-pleaser is blended from eight different malts and six types of hops. Complex and balanced layers of sweet, toasted malt and bright citrus unfold around a rich, creamy mouthfeel and finish with lingering orange rind and a palate-cleansing, hoppy bitterness. With a personality unlike many macro-lagers and a portion of the proceeds going toward Coney Island USA, a Brooklyn based arts non-profit, this beer will go down perfectly.
